

## Data Visualization Showcase Submission Guidelines

1. All valid submissions must include the following information:
  - High resolution (Minimum 600 DPI) data visualization as a PDF
  - Author(s) names
  - Title of work
  - Brief description (Less than 150 words)
  - Email address
  - Dataset Citation
2. Submissions must be the author's original work and the data used must from a public data set or be submitted along with your data visualization to be made public\*.

\*Individuals who own the rights to their data can attach their data to be uploaded along with their submission to UC's institutional repository [UC Scholar](#).
3. Any tool, software, or method of data visualization is accepted, but open-source tools are encouraged.
4. Submission must be submitted by **Midnight on October 11th, 2019** to [Ask-Data@UC.edu](mailto:AskData@UC.edu) with the subject line "Data Visualization Showcase 2019".
5. All submissions will be uploaded by a member of the R&DS Team to UC Scholar to be **publicly** available following the Showcase.

For any additional information or if you have questions please email [AskData@uc.edu](mailto:AskData@uc.edu).
